Okuhida-onsengo

Toyama is home to the most substantial number of active glassworkers in Japan, so naturally, it has an excellent museum dedicated to the craft. Conveniently located in Central Toyama, the Toyama Glass Art Museum cuts a distinctive figure in the urban landscape.

Imani, founded in the mid-14th century and developed as a temple town of Zuisen-ji Temple, is the most famous woodcarving town in all of Japan. The town has a unique, calming atmosphere, with over 100 carving studios on the main road and woodcarvings placed in various areas, from bus stops to home signs.

With scenery remaining unchanged since long ago, people still live in World Heritage Site 'Gokayama'. Visit and learn about the wisdom needed to survive within harsh natural conditions of this snow heavy region, and the magic of the Gassho-zukuri (thatched roof) homes that are constructed without any nails.

The heart of Takayama city, the Sanmachi area of preserved buildings, attract tourists from all over the country. You could spend a whole day wandering these old streets, buying souvenirs from many craft shops, sampling local tea and digging into local treats like Takayama Ramen, Mitarashi Dango (rice dumplings) and Pickled Vegetables.

New Hotaka Ropeway

Don't miss a spectacular panoramic view of the Northern Japan Alps from the observation deck at the cable car terminus. The first leg of the ropeway stops at Nabdaira Kogen, which is the beginning of hiking trails. It is also the site of the Visitor Center, restaurants, a public bath. The second leg to the upper station is made in massive double-decker cable cars.

Shirakawago

Recognized by UNESCO as a World Heritage Site, this beautiful traditional village is the definition of picture-postcard perfect.

Shirakawa-go rewards return visits, as the shifting seasons bring out different aspects of the town. From the bright cherry blossom through the verdant summer, the fiery autumn leaves and the silent, white winter, Shirakawa-go always looks splendid.
